This Office action supersedes the last communication.

Claims 3-6, 9, are pending in this application.

Claims 7-8, 10-18 are deleted.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

Claim 5-6, 9 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. For the reasons set forth above under 35 USC 112, first paragraph the claims are indefinite.

The phraseology "lower urinary tract symptoms" in claims 5-6, 9, lines 3-4, is not a diseases. Symptoms of what? Therefore, the claims are indefinite. Appropriate correction is required.

The claim improperly depends from claim 5 for failure to further the scope of claim 5. The compounds in claim 5 must necessarily be admitted in the form of a pharmaceutical composition. Also, claim 6 is a duplicate of 5. Under the US patent practice duplicate or substantial duplicate claims cannot be in the same application. By deleting the duplicates the rejection would be overcome.

#### ***Allowable Claims***

Claims 3-4 are allowable over prior arts of record.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
